

ISO-NE Responses to Stakeholder Comments on the Draft 2024 Transmission Planning Base Case Library

No stakeholder comments were submitted on the Draft 2024 Transmission Planning Base Case Library.

Significant Edits made to the Final 2024 Transmission Planning Base Case Library

- The following Asset Condition Projects were added to the base cases, predicated on in-service date:
 - ACL 419 – S8 115 kV Line Asset Condition Project
 - ACL 420 – V5 and U6 115 kV Line Asset Condition Project
 - ACL 437 – 339 and 349 345 kV Asset Condition Refurbishment
 - ACL 448 – Replace the existing T3A/T3B transformers with the new T3 and T5 transformers at Brayton Point
- The generator protection system data was updated to reflect the data as of September 9, 2024
